H O M E F O R C O O P E R A T I O N I N T H E U N B U F F E R Z O N E

We once again communicate with you in order to express our gratitude for your willingness to support our efforts in creating an **Educational Centre and Home for Cooperation** in the UN Buffer Zone. The overall aim of this initiative is to partly contribute to the revitalisation of the Buffer Zone through the acquisition and restoration of an old building in the zone.

We have successfully raised the total costs for the purchase and renovation of the building and gained the support of individuals, embassies and UNFICYP. The project was approved under the EEA Financial Mechanisms by the donors Norway, Iceland and Liechtenstein that will contribute the most of the overall costs. We also received support and donations by Switzerland, Sweden, friends and members of the Association for Historical Dialogue and Research, historical and intellectual societies and organisations in Cyprus and other countries. The UN Secretary General's Special Representative in Cyprus, Mr Michael MÖLLER has also strongly endorsed our project.

Your contribution

Nevertheless, to bring the house into a functional state we still need your financial assistance in **equipping** the Research and Education centre for young people and educators, the multi-functional Conference room, the Centre for Exhibitions and Archives, the Library and the work place for non-governmental organisations.

As moral support for the realisation of our vision we would also gladly accept:

- Your written endorsement of our mission to provide a space for unconstrained historical inquiry;
- Your help in contacting other professional historical and intellectual societies and organisations for their support.

We need your support and advice now, as we are confident that you share our vision and experience on issues of dialogue, historical pedagogy, and cooperation. Your donation and moral support will help us revitalize the 'Dead Zone' and establish the Educational Centre – Home for Cooperation.
